# Materials Handling

# Capabilities

Icon Plastics is a privately owned and operated Australian business employing approximately 250 staff. Operating for over 50 years the internal strengths and opportunities have cemented Icon's place in the Australian plastics conversion market. Both viable and diversified, Icon is in good stead to continue growing in the future.

Icon's ability to meet customer requirements and quality expectations have earned us the reputation of a supplier that can be counted on.

## icon Australia

- 2 sites in **Hallam** (head office)

**PLASTIC PALLET BUND**

Icon Plastics introduces the 2 drum plastic pallet bund. icon's plastic pallet bund has been specifically designed to prevent those nasty spills that are sometimes unavoidable. the plastic pallet bund is made out of recycled plastic and has been engineered to fit a standard plastic pallet. the product offers a simple economic alternative compared to the more traditional but expensive drainage bunds currently on offer. this is a product that represents a no frills, no spills! solution to your liquid storage facilities.

## 35mm CONSTRUCT IT

Illustration	COL	Features	size	Application	Profile	Thickness	Length

### FPVC DOOR CURTAINS

price and availability on application

icon plastics fpvc door curtains have been developed for specific applications which demand performance you can rely on. made from clear or coloured flexible pvc, they offer an economical and hygienic solution to any door opening the icon plastics fpvc door curtains are 100% waterproof, and ideal for small shop fronts, cold storage environments, and warehousing applications.

providing protection against draughts, insects, dust, temperature variations standard widths include 3 rib 75mm profile available in 2.4 and 3.0m lengths. flat 300mm profile available in 6-10m rolls. custom lengths available on request. custom-extruded colours and lengths are also available, and can be developed for large-volume applications.

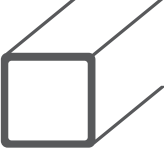

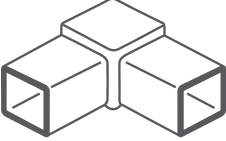

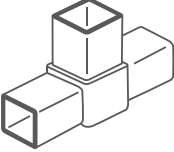

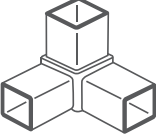

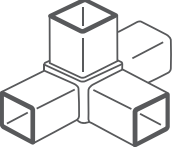

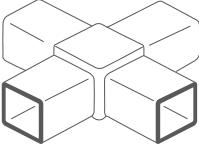

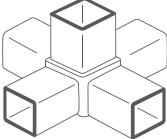

### CORNER PROTECTION ANGLES

price and availability on application

specific applications demand performance you can rely on throughout the shipping and distribution cycle of your product. the strength of icon plastics corner protection angles, made from durable extruded plastic, provides protection against damaging conditions. the icon plastics corner protection angles are 100% waterproof, ideal for a variety of humid, wet indoor and outdoor environments, such as produce, steel, timber, and outdoor storage.

the range of icon plastics corner protection angles are 100% recyclable and are widely used as a cost effective, lightweight option for protecting the edges of palletised goods in transit. they are inexpensive enough to be considered suitable for one-way shipments. custom-extruded profiles are also available, and can be developed for large-volume applications.
